The awards will be made at a ceremony in New York in the run-up to the holiday shopping season. The CGF said there were no costlier or smaller products than last year. The biggest competition was between the Amazon Echo and Google Home, with the Google Home winning by default. They picked up with a total of 11 awards, beating the Echo with 10. The CGF stated that they have sought to create a range of products to suit a range of users. They said that they will be looking to award products which are not only easy to use but also have a clear and simple branding and messaging which makes them accessible to everyone. This time, they are also giving top honours to the best of the bunch, as they called it, alongside some of the best and the brightest. The results: Smart Home Trends for 2017 Smart Living Devices for 2017 Smart Home Products for 2017 Best Wi-Fi Outdoor Wi-Fi Camera 1.
